

**Lesson: Making a Card**

**Materials:** Paper (Any type, printer paper, construction paper, recycled paper from magazines, newspaper, mailers), glue stick/glue/tape, scissors, envelope, stamp

**Function:** Create and mail a card to a friend/family member

**Tips:** Any theme or design works! This lesson is more about the process than the final product. Your friend or family member will be excited to receive mail.

**Steps: (All of these can be done independently or with help)**

1. Take out materials
2. Decide what design will be on the card
3. Create the card
4. Write a note
5. Sign the card
6. Put card in envelope
7. Seal the envelope
8. Write the recipient's name and address on the envelope
9. Put the stamp on the envelope
10. Take it to put in the mailbox and mail the card

<b>Requests</b>	-Paper	-Tape/Glue/Glue Stick	-Scissors
